

CAILEY MILLER

FRONT END ENGINEER

ABOUT

I'm a creative front end engineer who's passionate about creating intuitive and accessible UI solutions for difficult problems. I embrace learning when confronted with the unknown, and love to provide mentorship by sharing my knowledge.

I believe in communicating early and often, which allows me to thrive on any team and project.

WORK HISTORY

FRONT END SOFTWARE ENGINEER

Coterie Insurance, August 2021 - Present

- Modernizing insurance software by creating intuitive and accessible UI solutions using Typescript, React, and Redux.
- Leading a complex internal tooling project by planning effectively, communicating often, and crafting thorough documentation.
- Leading efforts to focus on accessibility by collaborating with designers, reviewing code, and committing to baking accessibility into new UI components.

FRONT END WEB APPLICATION ENGINEER

Brushfire, February 2021 - August 2021

- Modernized a legacy frontend codebase with React and Typescript and Firebase.
- Utilized .NET MVC to ensure a clean, organized, and efficient data flow throughout a complex application.
- Crafted an automated pre-commit code quality solution for a complex multi-language mono-repo.

FRONT END DEVELOPER

Bluetoad Inc., August 2019 - July 2020

- Refactored existing legacy code into modern reusable components using React.
- Engineered WCAG compliant features to ensure a fully accessible experience for all users.
